Forecast for Saturday 17 Apr 2021

Weather: A chilly start on Saturday morning with widespread frost, although it will be dry and sunny. Fair weather clouds are likely to develop from late-morning and into the afternoon, but otherwise, dry with warm sunny spells. Any cloud will melt away during the evening to leave longer spells of sunshine, with clear skies into the overnight period.

Chance of cloud free mountain/hill tops above 600m: 100%, although some fair weather cloud is expected bases will be above the summits.

Visibility: Generally very good throughout. However, some distant hills may appear a little hazy through the afternoon.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

It will feel cold on exposed ridges and summits with a relatively low freezing level. However, despite the chilly feel, the long periods of strong sunshine will give high UV levels and therefore sun protection is advised.

Recent rainfall: measured at Neuadd: altitude 353m
